

#### **3.12.4.5 Alternative 7a**

There are 8 prehistoric, three historic, no multi-component and two historical architecture sites within the Alternative 7a bandwidth. None of the sites within Alternative 7a have been evaluated for eligibility for the National Register. Two prehistoric sites are located near the intersection of Interstate 215 and Craig Avenue, with the remainder of the cultural resource sites located Leon Road and Patton Avenue.

#### **3.12.4.6 Alternative 7b**

There are 9 prehistoric, four historic, no multi-component and two historical architecture sites within Alternative 7b. None of the sites within Alternative 7b have been evaluated for eligibility for the National Register. One prehistoric site and one historic site is located near the intersection of Interstate 215 and Scott Road, and another prehistoric site is located in non-agricultural lands near Briggs Road.

#### **3.12.4.7 Alternative H**

There are six prehistoric, two historic, no multi-component and no historical architecture sites within the Alternative H bandwidth. As such, this alternative, for its length, would minimally impact surrounding sites. Two sites, a multi-component and a prehistoric site have been determined eligible for listing on the National Register (NR#: 73000424). This alternative also passes adjacent to historic Temecula. These resources, although identified as historic sites by the Information Center, represent standing buildings and structures in direct association with each other.
