

4.0 Assembling the MSHCP Conservation Area

Federal Lands

Name	Ownership	Acreage
Cleveland National Forest	U.S. Forest Service	
San Bernardino National Forest	U.S. Forest Service	
Prado Basin	U.S. Army Corps of Engineers	
BLM Lands	Bureau of Land Management	
Miscellaneous Lands		
Total Acres		247,789

State Lands

Name	Ownership	Acreage
Lake Perris Recreation Area	DPR	
San Jacinto Wildlife Area	CDFG/DPR	
Chino Hills State Park	DPR	
Anza Borrego Desert State Park	DPR	
Mt. San Jacinto Wilderness State Park	DPR	
Santa Margarita Ecological Reserve	CSU/CDFG	
Santa Rosa Plateau Nature Reserve	DPR	
Motte Rimrock Reserve	UC Regents	
Box Springs Reserve	UC Regents	
Miscellaneous Lands	Miscellaneous	
Total Acres		34,409

4.2.2 Existing Local Government Lands

Local government lands that will contribute to the Conservation of Covered Species are summarized below. These lands total approximately 64,330 acres, including approximately 9,000 acres of open water lakes. Summary descriptions of these lands are included in the *Description of Existing Reserves, Western Riverside County MSHCP* (DUDEK 2000) on file with the County of Riverside Transportation and Land Management Agency.

4.0 Assembling the MSHCP Conservation Area

Name	Ownership	Acreage
Kabian Park	County of Riverside	
Norton Younglove/De Anza Reserve	County of Riverside	
Harford Springs Reserve	County of Riverside	
Box Springs Mountain Reserve	County of Riverside	
Santa Ana Regional Park	County of Riverside	
Lake Skinner Recreation Area	County of Riverside	
RCHCA Lands	RCHCA	
Orange County Water District Lands	OCWD	
Sycamore Canyon Wilderness Park	City of Riverside	
Lake Mathews/Estelle Mtn Reserve	MWD (and others)	
Southwest Riverside County Multi-Species Reserve	MWD (and others)	
Other MWD Lands	MWD	
Riverside County Flood Control Lands	RCFCWD	
Miscellaneous Lands	Miscellaneous	
Total Acres		64,330

4.3 CONSERVATION OF PRIVATELY OWNED LANDS

Most of the privately owned lands within the Criteria Area are located in the unincorporated County and six of the cities participating in the MSHCP: Murrieta, Lake Elsinore, Temecula, Perris, Hemet and San Jacinto. To assemble the MSHCP Conservation Area, significant acreages of private lands will be acquired by federal, state, or local agencies in these jurisdictions.

In estimating acquisition needs, the jurisdictions and Wildlife Agencies recognized that each jurisdiction will contribute its fair share of the MSHCP Conservation Area lands through the land-use entitlement process. Therefore, each jurisdiction's implementation program incorporates a combination of mechanisms for Conservation. *Section 6.1.1* identifies the mechanisms the jurisdictions will use to contribute lands to the MSHCP Conservation Area.

Tables 4-1 and 4-2 show the estimated Conservation of private lands by Vegetation Community and Area Plan.
