

1.1.6 Relationship of the MSHCP to Surrounding HCP/NCCPs

In Orange County, HCPs/NCCPs that abut the western edge of the proposed MSHCP Plan Area include the Southern Subregion NCCP that is being prepared and the Coastal and Central Subregion NCCP that has been adopted. The southern boundary of the proposed MSHCP Plan Area abuts an area of San Diego County where the MSHCP North County Subarea of the Multiple Habitat Conservation and Open Space Program is being developed. The eastern edge of the proposed MSHCP Plan Area is bordered by the planning area for the Coachella Valley Association of Governments MSHCP.
